Your investment

Each term is run for 5 weeks. Classes with a model are \$290. Fees include tuition, model where appropriate, and use of tools. Materials are not included. Payment must be made before term start.

Class size

Classes are kept small to ensure personal attention is given to you. We have no more than 8 students in a class. Should enrolment numbers be less than 6, we reserve the right to cancel the class.

Student Skills Level

As the numbers in each class are small, we have students of differing standards in the room together, all receiving the assistance that they require from the teacher. Special beginner or advanced workshops are held throughout the year.

Missed classes

If you miss a class, you can make it up during the term. It can only be made up in the next term if you are enrolled in that term and if there are vacancies in the class. Make up classes are available only if you advise us before the class that you will not be able to attend.

Models

Our classes use professional artist models who have a great deal of experience. We select a number of different poses to ensure that you have sculptures that reflect a variety of interesting movements. No photography is permitted. Physical contact with the model whilst working is not permitted.

Age Restriction

If you are under 18 years old, you need to be interviewed and have parental approval.
